The investments we take your regular withdrawals from

We will take the money for your regular withdrawals from any cash in your Pension Drawdown Account. If there isn't enough cash in the account to cover a payment, we will sell some of your largest fund holding. If your account doesn't contain enough cash or funds to cover a payment, we will sell shares in your largest exchange traded investment, which could be a company shareholding, investment trust, exchange traded fund or exchange traded commodity. Each sale of an exchange traded investment incurs a £1.50 dealing fee.

Alternatively, you can use the boxes below to give us details of any investment you would prefer your regular income payments to come from. Please include the correct code for any fund you choose – you can find this on the fund factsheet at [fidelity.co.uk](https://www.fidelity.co.uk)
